Applicant Remarks:						

This permit expires if the building or work authorized herein is not commenced within 180 days from date of approval, or if work is suspended for a period of 180 days or abandoned. After expiration, this permit must be renewed before the work may be commenced again.

This approval grants permission to do the work covered by this application in accordance with plans as approved and all applicable city and state ordinances, regulations and laws governing location, construction and occupancy of building.

It is the responsibility of the owner/contractor to call for all necessary inspections. A Certificate of Occupancy must be obtained prior to use of the structure.

I hereby certify that the statements in this application and the attachments hereto are true and correct and that the property owner has given permission for this work to proceed. I further certify that all construction work under this permit will conform to the attached plans, specifications and drawings and to the Codes and Ordinances of the City of Coweta and that all electrical, plumbing, heat & air, sign and driveway construction shall be performed by contractors licensed by the State of Oklahoma and by the City of Coweta. With the execution of this building permit, I acknowledge and accept, as co-permittee, the terms and conditions of the stormwater pollution prevention plan.

Residential Gravel Parking Space Permit Specifications

Maximum space will be 8'x20'

Area must have grass and dirt removed to a minimum depth of 4"

At the minimum, a 1" limestone crusher run at a depth of 4" shall be used as the final surface

Landscape timber or paver blocks must be used as boarder to keep the gravel in place.

Parking space will be adjacent to the existing driveway and share a common curb cut; it cannot be located in an easement or right of way area.

Site plan showing the placement of the parking space on the lot must be submitted for approval with the application.

A site inspection will be made before final approval is granted.
