SEWER INSPECTION FEE
AGREEMENT AND WAIVER

Sewer pop-off valve: A device that prevents the sewer from backing up inside a building/residence in the event of a sewer line blockage on a city main or a personal sewer line.

The City of Coweta ("City"), a municipal corporation, and _____, an individual utility customer of the City of Coweta, hereby agree as follows:

INITIAL ONE:

_____ YES

The City is authorized to inspect the sewer clean-out/pop-off valve at my residence and to install a sewer "pop-off" valve if one is not in place. In exchange for this service, I agree I will be billed a one-time fee of \$40.00 to be assessed to my utility account. I further understand the City has a continuing right to inspect the valve and that I have a duty to ensure that the pop-off valve is not removed or obstructed in any way. The installation of said device does not include the cost associated with the installing of a sanitary sewer clean-out line to tie into the service line. If a clean-out is not readily available on the service line, the property owner will be required to install the clean-out at the property owner's expense, prior to the City installing a pop-off valve. I further understand that this service is being offered by the City to diminish the possibility of sewage overflow within my residence and I acknowledge the City is (A) not admitting or assuming any maintenance or ownership of the pop-off valve and/or (B) not admitting or assuming any liability for any sanitary sewer overflow that may occur.

_____ NO

I do not agree to allow the City to either inspect the sewer clean-out/pop-off valve at my residence and do not agree to be assessed any amount. I understand that all liability associated with the clean-out/pop-off valve, and possible damage to my residence/property as a result of sewage backups and overflows, is entirely my responsibility. I further agree that any claim for damage I or the resident(s) of this address may have is limited to \$40.00, and that the City is not an insurer against any loss I may suffer. By signing this agreement, I limit any damage claim I or my family may have for property damage, personal injury, or inconvenience as a result for a sewer backup or overflow on my property.

I understand my utility bill is due on or before the 20th of each month if my account number begins with 01, 06, 08, 09, 10, 12, 13, or 14. (Zone # 1)

I understand my utility bill is due on or before the 5th of each month if my account number begins with 02, 03, 04, 05, 07, 11, 15, 16, 17, or 18. (Zone # 4)

Failure to receive a utility bill through the mail is NOT a valid reason for non-payment.

I understand that charges for water and sewer are based on usage at rates approved by the City Council, however a minimum bill will be charged each month for water, sewer, trash, and ambulance service until your account has been finalized.

I understand that my services will be disconnected 5-15 days after my account becomes delinquent. I further understand that if services are disconnected, the property owner will be notified.

In the event of disconnection (please initial):

CITY OF COWETA RESIDENTIAL SOLID WASTE COLLECTION INFORMATION

With a few exceptions the following is a general guide of when trash is picked up:

The Monday residential route will be generally located south of 141st Street S and east of Highway 72 (Broadway). The Tuesday residential route will be generally located south of 141st Street S and west of Highway 72 (Broadway). Wednesdays will be reserved for certain commercial customers and bulk pickups. The Thursday route will run north of 141st Street S and east of Highway 51, and Friday's route will run north of 141st Street S and west of Highway 51.

If a **holiday** occurs on your pickup day, the pickup will be on **Wednesday** of that same week.

In order to provide efficient and timely pickup we ask that the following regulations be observed:

BAGS ARE REQUIRED: All solid waste must be placed in trash bags with a capacity of 33 gallons or less and tied shut, even if it is placed in a trash can. If the waste is not in plastic trash bags, sanitation personnel are not required to pick it up.

COLLECTION TIME: All items to be picked up must be placed at the curb by 7:00 a.m. on the regular collection day. Do not place trash out more than 24 hours prior to your scheduled collection date. The exact time of collection depends on the volume of trash placed out and the number of crews picking up trash that day, so pick up times can vary on any given day. There is no solid waste pick up service on holidays observed by the City of Coweta.

HOUSEHOLD WASTE: Limit of fourteen (14) 33 gallon bags of waste, per household, per pickup day. Loose items in a trash can, or on the ground, will not be picked up. All tree limbs, brush, and lumber must be cut in four foot lengths and tied into one (1) foot diameter bundles. Limbs larger than two (2) feet in diameter will require a bulk pick up for an additional fee. Large items that do not meet the criteria above must be scheduled for a bulk pickup for an additional fee.

BULK WASTE COLLECTION: Bulk trash is picked up on Wednesdays. To schedule a bulk trash pickup you must call (918) 486-2189 by 5:00 p.m. on Tuesday. Items must be placed at the curb by 7:00 a.m. Items that will be picked up include general household furniture and appliances (refrigerators must have Freon removed from a certified vendor) and water heaters. Fees for bulk pick up are \$7.25 per item, \$20.00 per pick up load, and/or \$75.00 per dump truck load. Please contact (918) 486-2189 if there are questions about items needing to be picked up.

ITEMS NOT COLLECTED: Hazardous waste of any kind which can include but is not limited to: oil, gas or diesel fuels, car batteries, tires, medical waste, paint, roofing material, remodeling materials, bags of dirt, rocks and/or concrete, or any other substance or item deemed hazardous by the City of Coweta.

If you have problems with dogs or cats bothering your garbage, please contact Animal Control Officer at (918) 486-2121. Residents are responsible to clean up any messes made by animals which occur near your property.

We appreciate your cooperation. If you have any questions or comments, please contact the Coweta Public Works Authority at (918) 486-8073 or (918) 486-5907.

Disposal is Free for Tulsa Residents

Pollutants in excess of 45 pounds are subject to a \$1.33 per pound charge.

Disposing of Household Pollutants

The City of Tulsa's Household Pollutant Collection Facility (HPCF) is open year-round and is free for Tulsa residents to dispose of household pollutants.

The household pollutant facility is the first of its kind in northeast Oklahoma. Certified staff with more than 25 years of experience and training is on site to handle household pollutant materials. The facility only accepts household pollutants generated by household users and the facility is not available for commercial companies or businesses. The HPCF services the greater Tulsa metro area. Residents who live outside of the city of Tulsa limits can dispose of up to 45 pounds of pollutants for free with vouchers from the M.E.T. Non-Tulsa residents should contact the M.E.T at (918) 584-0584 for more information on disposal of pollutants at the HPCF.

The Importance of Proper Disposal

Did you know many of the chemicals we have in our households could be considered hazardous if used or disposed of in an improper way? The City hopes a permanent disposal facility will discourage disposal of household pollutants down sanitary sewers, storm drains, or into the trash and recycling systems, which pose a risk for the environment, water sources, wastewater collection and treatment systems, and for staff handling the household pollutant materials in the trash and recycling systems.
